Accreditation

Vesalius College is registered with the Flemish government of Belgium as an institution of higher education. The Vesalius College Bachelor's degree is fully equivalent to a recognized Bachelor's degree issued from a Flemish University. Vesalius College is a participant in the Bologna Process, the reform effort designed to standardize higher education throughout Europe. In accordance with the Bologna declaration, Vesalius College offers the three-year European Bachelor's degree and calculates coursework in ECTS (European Credit Transfer System) credits.

The three majors offered by Vesalius College are accredited by the Dutch-Flemish Accreditation Organization (NVAO, Nederlands-Vlaamse Accreditatie Organisatie). This official organization was established by international treaty between the Flemish and the Dutch governments with the aim of ensuring the quality of higher education in both the Netherlands and Flanders.

More information on the accreditation of Vesalius College can be accessed through the official government website for higher education in Flanders (<http://www.highereducation.be>)
