Syllabus

During the first class session, a course syllabus will be given to you by your professor. This document will contain at least the following information: aims and the content of the course, grading policy and distribution of the final grade, the progress of the course week after week, all due dates for assignments and papers, the textbook(s) and other reading materials, the office hours and the mid-term and final examination dates.

Adding and Dropping Courses

You may add courses until **Friday, 28 May**. Students may take a **maximum of two courses**. Courses may be dropped until **Friday, 18 June**. Adding or dropping courses requires you to submit to the Registrar a completed Summer Programme Drop/Add Form available at Reception.

Dropping courses during the first week of classes (until **Friday, 28 May**) has no impact on the student's transcript. However, dropping courses during the second, third and fourth weeks of classes (from **Monday, 31 May until Friday, 18 June**) result in a WP (Withdrawal Pass) being recorded on the student's transcript. Courses dropped after **Friday, 18 June** result in a WF (Withdrawal Fail) being recorded on the student's transcript and count as a fail in the GPA calculation. Refer to the GAR for a detailed explanation of WP and WF.

Dropping a course is not the same as withdrawing. Dropping is appropriate for those remaining registered in another course during the Summer Programme session. See the section Tuition and Fees "Dropping a Course" for financial implications of dropping a course during the Summer Programme.

Withdrawing from the Summer Programme

Absence from class does not constitute withdrawal. Students who find it necessary to withdraw from all of their courses during a summer session **must notify the Head of Academic Registration in writing**. See the section Tuition and Fees "Withdrawals" for the financial implications of withdrawing from the Summer Programme.

Transfer of Credits

Students expecting to transfer their summer credits to other institutions should secure, in advance, approval of their course selections from the institution to which they wish to transfer the credits.

Transcript Request

An official transcript is issued free of charge for all visiting students on receipt of a completed *Summer Programme Transcript Request form*. Additional transcripts will be issued on receipt of this form and will incur a fee of 2.50 Euro per official transcript.

Certificate

A certificate of completion will be issued to all visiting students at the end of the Summer Programme.

Examinations

Examinations must be taken at the time announced. As a general rule, written examinations are held in all courses.

Mid-term examinations will be held during the third or fourth class session of Week 3. Students thus have the opportunity to assess their progress and, if they are experiencing difficulties, can choose to drop the course (see "*Adding and Dropping Courses*" on previous page for deadline and procedure to be followed).

Final examinations will be held on **Monday, 5 July, Tuesday, 6 July, Wednesday 7 July, Thursday, July 8 and Friday July 9**. A final examination schedule will be published during the course of the Summer Programme.

Canceled Courses

As the Summer Programme is a self-supporting programme, it must establish a minimum enrollment. The Dean may cancel in the first week those classes that do not meet this minimum. All tuition and fees are refunded in the event of a canceled course. Students who are enrolled in a course that is cancelled and who do not wish to enroll in another course will be administratively withdrawn from the Summer Programme.

Course Capacities and Waiting Lists

All courses have a capacity of 35 students. In the event of a course being full, waiting lists will be set up and managed by the Administration. However, we cannot guarantee that places will become available. Vesalius College is not liable for any costs incurred by students who have not obtained a course place or have not been admitted to the Vesalius College Summer Programme.

Academic Honesty

Academic honesty is fundamental to the integrity of an educational community. Vesalius College takes academic cheating and plagiarism very seriously. The Student Conduct Committee reviews all accusations of academic dishonesty.
