

# Aspect Consulting

## Organisational Profile

Aspect is a Brussels based communications agency with offices in London, Paris, Hamburg and Amsterdam. We are specialised in the provision of corporate communications services to leading international companies, trade associations and governments. These services range from positioning and profile raising, through crisis and issues communications, to internal communications, international media relations, political communications and public affairs.

## Internship Profile

The intern will be asked to:

- conduct research (via internet and other sources) for client projects (such as helping to prepare a paper on management challenges faced when integrating environmental sustainability into business, or researching NGO attitudes to the airline industry)
- review the media for issues important to clients
- scan upcoming features and media opportunities
- support the team through building targeted media lists
- draft communications such as presentations, background documents etc.
- monitor media and social media, or other information sources
- help organise media focused events, for example press briefings and press conferences

## Intern Profile

- ✓ fluent spoken and written English are essential
- ✓ fluency in French and /or another European language would be a bonus
- ✓ a genuine interest in the world of international business
- ✓ strong analytical, research and writing skills, and the capacity for original thought
- ✓ the individual should have the confidence and communication skills to work independently and as part of a hard working team
- ✓ motivation, organisation and attention to detail are essential
