CONDITIONS

The Vesalius College Housing Coordinator offers personalized assistance to students in locating and leasing a student flat or a room (students must be at least 18 years old).

INDEPENDENT HOUSING SERVICES WILL INCLUDE:

1. Placing the student in a suitable room or student flat. The student has the assurance that the room or flat has been personally visited, evaluated and approved by the Vesalius Housing Coordinator.

2. Proposing only rooms that have been deemed suitable for Vesalius students based on location, facilities and rental price1.

3. Helping with the rental agreement that will be signed by the landlord and the student. The Housing Coordinator will ensure that terms are agreeable and fair to both landlord and student.

4. Committing to assisting the student until a rental agreement has been signed.

INDEPENDENT HOUSING SERVICES WILL NOT INCLUDE:

1. Visiting rooms and apartments with the students as these will have already been visited and approved by the programme. Students will be responsible for visiting the rooms/apartments on their own.

2. Participating in or being in any way implicated in the “état des lieux” (incoming/outgoing property inspection) for the room/apartment, either at move-in or at move-out - this would be the sole responsibility of the student.
